Things You Made Happen...

Thanks to your help on Giving Tuesday and other donations throughout the year we were able to take in a horse in desperate need just a week before Christmas.

Once again our veterinarian contacted us to ask if we could possibly make room for a paint gelding that she had been called out to see. She was still on site and did not want to have to euthanize him.

He was standing there nuzzling her while she was talking to us and she was hoping to find him a second chance.

Tango was at least 200 pounds underweight and had another medical issue related to his poor condition.

Your donations made it possible for him to be rescued!

We were able to make room for him, and thanks to your support we were able to bring him to the rescue and provide for his medical and nutritional needs.

He needed to be on antibiotics and steroids as well as a few other specific medical items. He made good progress and fortunately had a stellar appetite!

Tango was also an excellent patient. After several weeks he was strong enough to stand for a hoof trimming, be wormed and to have dental work done. He is still in need of vaccinations and there is also the possibility he may need surgery.

Even though he has come so far with your help, he is not completely out of the woods yet. We hope you will be able to support him as he continues to recover!
Solar Farms New York is partnering with Phoenix Rising Equine Rescue to help both the environment and the rescue horses.

In fact, it is a win-win-win situation for the environment, the horses and YOU.

If you have wanted to use clean solar energy, but can't afford the high cost of installing your own solar panels, you can use the energy generated by the community solar farms of Solar Farms New York!

HOW DO YOU WIN?

- You are guaranteed to save 5% on your electricity costs using solar energy from Solar Farms New York
- You can cancel instantly, at any time, if you do not wish to continue
- You are helping BOTH the environment and the rescue horses
- Once you are enrolled you can receive a $50 gift card AND Phoenix Rising Rescue will receive a $100 donation for each referral of yours that enrolls with Solar Farms New York using the referral code PRERS!

HOW DO THE HORSES WIN?

For each person that registers for a Solar Farms NY account at PRERSolar.com or calls 833-877-7652 and uses the code PRERS, Phoenix Rising Equine Rescue will receive a $100 donation directly from the company!

At this time Solar Farms New York only works with NYSEG customers.

So.....in the spirit of St. Patrick’s Day, GO GREEN to save 5% on your electricity costs and support horses in need!

Have your NYSEG bill on hand when you call or go online to enroll
The "Deck The Stalls" event in December was a fun way to celebrate the holiday season while also helping the rescue horses!

Over $500.00 was raised to help keep the horses fed and provide them with medical care through the winter months. Each and every dollar helps these horses in need!

We were once again overwhelmed with gratitude by the support of the people that baked treats, the volunteers that provided help getting ready and during the event, and the visitors that showed up to support the rescue horses!

This years' stalls were absolutely amazing, I don't think I have ever seen so much creativity and holiday spirit before! I don't know how the judges were able to pick a winner but they did! The scores were SO close.

Ruby’s stall won 1st place! It was very creative and the first time anyone has done a nativity scene.

1st runner up was Miss Mattie with the worlds largest wreath!

2nd runners up were Buttons & Zippers with a Charlie Brown Christmas!
Upcoming Events
You are invited!

Join Us For Our 11th Annual "Soup's On"
Event Sunday March 15th

Join us on Sunday, March 15th from 11am – 2pm to eat your fill of delicious homemade soups, chili, mac-n-cheese, goulash and other hot, tasty one-dish meals and desserts.

For just $8 you get a bowl, spoon, drink and dessert. You can try all of the different dishes and eat all you want. This year there will also be pony rides available for the kids!

The best part is that all the proceeds from this event benefit the horses of Phoenix Rising Equine Rescue!

Please invite all of your family and friends to come….the more people that stop by to eat, the more we can help the horses.

Autumnfest-------------------------------Saturday, October 3rd  Noon-4pm
The Horses Need Your Help!

Springtime is associated with renewal and new beginnings. Plants begin to sprout, bulbs blossom and the horses begin to shed their winter coats.

Spring is also a busy time for "horse people" and veterinarians with grooming, dental checkups & teeth "floating," hoof trimming, worming and vaccinations!

A huge challenge for horse rescues is accumulating the resources for springtime health care needs and procedures. Rescue horses need to regain and maintain health in order to meet the demands of training, socialization and getting ready for new beginnings in their lives.

The average cost of a tube of wormer is $15, a hoof trim costs $40, vaccinations are approximately $50 for core vaccines and dental work averages $100 per horse.

We are hoping you will choose to partner with us to help make & keep the rescue horses healthy! Please help save these beautiful horses and give them the chance to find their "happily ever after."

Even though many of them have been let down, neglected, overlooked, discarded and forgotten, YOU can make a huge difference in their lives simply by helping them get the health care they so desperately need. **PLEASE** consider supporting the efforts to help make & keep the rescue horses healthy this spring!

---

**Donate Today!**

**YOU can restore a horse's health!**

- $15 will buy a tube of wormer
- $40 will pay for a hoof trim
- $50 will cover vaccinations
- $100 will pay for dental care

**THANK YOU!**
